

Eel River Empire Lodge No. 147

On degree activity, we were busy early in the month putting on a first degree. The candidate was very excited to become a Mason, hopefully he will continue his enthusiasm for Masonry as all who pursue the craft have done.

The lodge is preparing to give another candidate the second degree early in the month of October, its great to be busy with degrees and see Masonry being considered as an important part of their lives.

On our charitable activity to the community, we are planning to donate to the Fortuna High School, a tarp to cover the baseball field during inclement weather. However it was found that the field does not drain properly and the donation is on hold until this situation is rectified.

We are still having a dinner before each stated meeting, which is the first Wednesday of each month. Dinner is at 6:30 and all are welcome.

Enough for now, Come to Lodge.

Theodore Lichti WM.
